I Am Free

Tal Bachman

Ah(Ah)
Sea, sand and stone
Wreath 'round this ground I call my own
White dark, concrete sky
Blacks out the sun with icy nightEven though the ocean roars
And the storm is bold, and the rain is cold
Here I was bornThough winter winds have blown
And bitter seeds been sown
I gave you all I am and all I hope to be
Now I am freeWind fill my frame
Fire me with your immortal flameEven though I am poor
Through the looking glass, I watch unfold
What can't be toldThough fortunes rise and fall
It's no concern at all
I gave you all I am, and all I hope to be
Now I am freeAah ah, ah ah ah
Aah ah, ah ah ah
Aah ah(Yeah)
Even though I am poor
Through the looking glass, I watch unfold
What can't be toldThough winter winds have blown
And bitter seeds been sown
I gave you all I am and all I hope to be
Now I am freeThough fortunes rise and fall
It's no concern at all
I gave you all I am, and all I hope to be
Now I am freeYeah, yeah, yeah, yeah
Yeah, yeah, yeah, yeah
Oh, aah
Oh, oh
