

# 32 Pennies

## Warrant

Advisory - the following lyrics contain explicit language:

Spend my time and all my money on a knob for my brass bed  
Climb to the top of the highest mountain, just to see how far I get?  
Dancin' with my shadow, and I let my shadow lead  
And if I die with a penny in my pocket, then I guess thats all I need Oh baby, where you going to?  
I was thinking that maybe I would come along with you  
I could walk on down the road, till I found me someone new  
But he's gonna stay just one more day, 'cuz I'm in love with you Thirty two pennies in a regur jar it's that all  
I've got to my name  
But I love her and she loves me, to the pennies its all the same Oh baby, where you going to?  
I was thinking that maybe I would come along with you  
I could walk on down the road, till I found me someone new  
But he's gonna stay just one more day, 'cuz I'm in love with you m-m-m-m-m baby, yeah Thirty two pennies  
in a regur jar it's that all I've got to my name  
But I love her and she loves me, to the pennies its all the same Give me love, give me love  
Give me love, give me love
