

# Movement

## High Highs

Freedom,  
Movement,  
Never waking up  
When I walk home  
I could live forever  
I'd give you time  
What's on your mind, on your mind  
Let it go! We know it's something real  
I can't control,  
I'm burning in your love, your love your love All this talking its' been too much, he said  
I feel the seasons  
I feel the summer's end  
I'd give you time  
What's on your mind, on your mind to say We know it's something real  
I can't control  
I'm burning in your love, your love your love
