

Lord Can You Hear Me

Spiritualized

Lord, help me out
I'd take my life, but I'm in doubt
Just where my soul will lie
Deep in the earth or way up in the sky Lord can You hear me, when I call?
Lord can You hear me, when I call?
Lord can You hear me, when I call?
Lord can You hear me, hear me at all? All my life has left my side
Can't get enough out of life to keep me satisfied
I'm lost about everything
Lord look what state I'm in Lord can You hear me, when I call?
Lord can You hear me, when I call?
Lord can You hear me, when I call?
Lord can You hear me, hear me at all? Lord
Lord
Lord
Lord Lord can You hear me, when I call?
Lord can You hear me, when I call?
Lord can You hear me, when I call?
Lord can You hear me, hear me at all?
