

# Dark Side Of The Sun

## Suntorn

Is there a way out of this?  
If there is I don't see it  
Can Heaven and Hell coexist?  
Not when both battle for dominance  
Brush back my tears and he said "Girl we have to soldier on  
Yes, girl even when we don't feel strong"  
So how many young men have to lay down  
Their life and their love of their woman  
For some sick promise of a heaven?  
Lies go back now to the garden  
Even the four horses say all bets are off  
We're on the dark side of the sun  
We're on the dark side of the sun, dark side  
Soon there'll be fast food on the moon  
Painted in neon with 'For Sale' signs up  
You say I'm more afraid of what  
Tomorrow could bring to us  
Brushed back my tears and he said "Girl we have to soldier on  
Yes, girl even when we don't feel strong"  
So how many young men have to lay down  
Their life and their love of their woman  
For some sick promise of a heaven?  
Bushes burn there on the mountain  
Abraham and Ishmael turn back the clock  
We're on the dark side of the sun  
We're on the dark side of the sun  
We're on the dark side of the sun, sun, sun, side of the sun
