

# Hello

## Hedley

Is anybody listening now  
Does anybody miss me now  
What can I do  
To get through to you Cutting through the static and noise  
I really wanna hear your voice  
Need you tonight  
I hate how we fight Thinking of the last time I saw you smiling  
Get it off my chest I know it's been a while  
And I could use a little facetime  
The face to face kind We never break through  
You're afraid of falling  
I'm afraid too  
It's murder in the morning  
I don't want to be alone So just pick up the phone  
And say hello (hello)  
It's okay (it's okay)  
You know (you know)  
What they say (what they say)  
If bad things happen on good TV  
They could make a movie out of you and me  
Don't be sad don't let go  
Don't say goodbye  
Just say hello (hello)  
It's okay (it's okay)  
I don't care (I don't care)  
What they say (what they say)  
It gets better don't ever lose hope  
Never giving up  
Not the end of the show  
I'm not scared  
Don't let go  
Don't say goodbye  
Just say hello And this is how we stay alive  
Do or die we gotta survive  
Never too late  
Whatever it takes  
If love is just a battlefield  
Then what we have's gotta be real  
Day after day

It's all I can say Thinking of the last time I saw you smiling  
Get it off my chest I know it's been a while  
And I could use a little facetime  
The face to face kind We never break through  
You're afraid of falling  
I'm afraid too  
It's murder in the morning  
I don't want to be alone So just pick up the phone  
And say hello (hello)  
It's okay (it's okay)  
You know (you know)  
What they say (what they say)  
If bad things happen on good TV  
They could make a movie out of you and me  
Don't be sad  
Don't let go  
Don't say goodbye  
Just say hello (hello)  
It's okay (it's okay)  
I don't care (I don't care)  
What they say (what they say)  
It gets better don't ever lose hope  
Never giving up  
Not the end of the show  
I'm not scared  
Don't let go  
Don't say goodbye  
Just say hello No I don't wanna be  
No you don't wanna be  
Nobody wants to be alone So just pick up the phone  
And say hello (hello)  
It's okay (it's okay)  
You know (you know)  
What they say (what they say)  
If bad things happen on good TV  
They could make a movie out of you and me  
Don't be sad don't let go  
Don't say goodbye  
Just say hello (hello)  
It's okay (it's okay)  
I don't care (I don't care)  
What they say (what they say)  
It gets better don't ever lose hope  
Never giving up  
Not the end of the show

I'm not scared  
Don't let go  
Don't say goodbye  
Just say hello I don't wanna be  
No you don't wanna be  
Nobody wants to be alone (don't say goodbye, just say hello) I don't wanna be  
No you don't wanna be  
Nobody wants to be alone (don't say goodbye)  
Just say hello
