

Sally (feat. Harrison)

[Hardwell](#)

She's a dirty bitch and her Daddy's rich
He'll hunt me down d d down d down
And if her boyfriend knew what she makes me do
He'll hunt me down down down
Cos I'm going to hell
They'll take me away
No one can find out that I've been fucking Sally
And if I got a prob(lem)
She's coming with me
No one can find out that I've been fucking Sally I've been I've been I
I've been fucking Sally I've been I've been I
I've been fucking Sally I've been I've been I
I've been fucking Sally I've been I've been I
I've been fucking Sally I've been I've been I.....1,2,3 let's go Wish that I was rich
Cos her Dad's a dick
He wants me dead wants me down now
And his guns old school but the bullet's new
So gun me down down down
Cos I'm going to hell
They'll take me away
No one can find out that I've been fucking Sally
And if I got a prob(lem)
She's coming with me
No one can find out that I've been fucking Sally I've been I've been I
I've been fucking sally I've been I've been I
I've been fucking sally I've been I've been I
I've been fucking sally I've been I've been I
I've been fucking sally I've been I've been I.....1, 2, 3 let's go
