

Stalker

Audiovent

You
Don't give up
You're my stalker
Leave me be here I know I should not pretend
That I like you
When you just suffocate me
A lack of O2 is killing me
And I'd kill you
If I could You
Don't give up
You're my stalker
Leave me be here You
Number one
You're my stalker
Feed on me here And just when I think you're gone
There you are
To rape me
And try on my clothes
I fear for me sometimes
Let me go Yeah, you
Don't give up
You're my stalker
Leave me be here You
Number one
You're my stalker
Feed on me here You want me
Inside you
Swallow me down
I'm static
You're clinging
You're my Klingon You
Don't give up
You're my stalker
Feed on me here You
Don't give up
You're my stalker
Leave me be here You
Number one
You're my stalker

Feed on me here
You
