Lay It Down

Todd Agnew

Jesus died for our sins
His blood washed away these stains
He died to give you freedom
So, why do you still wear those chains
Chains, chains, chainsLay your heavy burdens down, down
Lay your heavy burdens down
Lay your heavy burdens down, down
Lay your heavy burdens down, down
Down, down, downJesus died to give us life
A little joy in the midst of His pain
He paid your debt in full and you are not guilty
So, why do you still wear those chains
Chains, chains, chainsLay your heavy burdens down, down
Lay your heavy burdens down
Lay your heavy burdens down, down
Lay your heavy burdens down, down
Down, down, downIf I lay it down, You set me free
If I lay it down, You set me free
If I lay it down, You set me free
If I lay it down, You set me freeIf I lay it down, You set me free
If I lay it down, You set me free
If I lay it down, You set me free
If I lay it down, You set me freeIf I lay it down, You set me free
If I lay it down, You set me free
If I lay it down, You set me free
If I lay it down, You set me freeIf I lay it down, You set me free
If I lay it down, You set me free
If I lay it down, You set me free
If I lay it down, You set me freeLay your heavy burdens down
Lay your heavy burdens down
Lay your heavy burdens down
Lay your heavy burdens down, down, downI want to lay your heavy burdens down, down
Lay your heavy burdens down
Lay your heavy burdens down, down
Lay your heavy burdens down, down
Down, down
