

# players (instrumental)

## Slum Village

It's the 788  
DDT'n, just like Jake The Snake  
Actually we don't participate  
But if you do then I'mma see you at your wake  
Players  
Don't let the drama fluctuate  
I don't want em  
I got em, we cooking steaks  
Now what would we be at if we let you do that  
We'd probably be laying on our backs  
Players  
Talking this and that  
You want my opinion your shit was whack  
I never would, play myself out like that  
But umm, I guess that's where you at  
PlayersWhat I'mma do is like uh  
Call out your whole crew cause your crew likes to bite us  
Y'all stick to freestyling cause y'all ain't no writers  
Trying to be some players and can't play the game  
See you sound the same and you claim to be  
Something you ain't or won't be without S.V  
Y'all need to be smacked open-handedlyI could give a fuck about this shit  
You all up in my face over some ho shit  
Just come out, you wanna be with my clique  
You must know, really how wild I get  
When I walk in the place saying (players) yes, yes  
There's some people who really wanna see the S  
Personally I could give a fuck less  
Check your lady, she's a groupie ho  
Opening her coochie hole, fuck that ho  
Eye to eye, they doing the Devoe  
When you front, it's inspirational  
You, you, or you, or you, or you, or youYo, yo, yo  
You wanna be some (players) and can't play this game  
You sound the same and you claim to be  
Something you ain't or won't be without S.V  
Y'all need to be smacked open-handedly by thesePlayers  
Talking this and that  
You want my opinion your shit was whack

I never would, play myself out like that  
But I guess that's where you atYou wanna be a player for me to hold you up  
You think I really give a fuck  
You, and you, and you, and you and your crew  
You think you just some players
