

Sound Of Silver

Lcd Soundsystem

Sound of silver talk to me
Makes you want to feel like a teenager
Until you remember the feelings of
A real life emotion of teenager
Then you think again
Sound of silver talk to me
Makes you want to feel like a teenager
Until you remember the feelings of
A real life emotion of teenager
Then you think again
Sound of silver talk to me
Makes you want to feel like a teenager
Until you remember the feelings of
A real life emotion of teenager
Then you think again
