

Take Over

Nick Jonas

I can tell that you're a real bad girl
Underneath it all (ay)
You never wanna let me see the world outside
Don't let it show (ay) This is her only chance
Let it happen
Can't hatch me if you can Let your money talk
Your dirty thoughts for me
Take over, take over, take over
Like the crazy drug that you call 'Love Me'
Take over, take over, take over (say) Na nana nana nana (say)
Na nana nana nana (say)
Na nana nana nana (say)
Take over, take over, take over I wish that I could just read your mind
Tell me what I see (ay)
You always try to wear your disguise
Take it off of me (ay) This is her only chance
Let it happen
Can't hatch me if you can, oh Let your money talk
Your dirty thoughts for me
Take over, take over, take over
Like the crazy drug that you call 'Love Me'
Take over, take over, take over (say) Na nana nana nana (say)
Na nana nana nana (say)
Na nana nana nana (say)
Take over, take over, take over I know you understand
That I want you to stand
Right wherever I am (ay) I know you understand
That I want you to stand
Right wherever I am (ay) This is her only chance
Let it happen
Can't hatch me if you can, ooh Let your money talk
Your dirty thoughts for me
Take over, take over, take over
Like the crazy drug that you call 'Love Me'
Take over, take over, take over (say) Na nana nana nana (say)
Na nana nana nana (say)
Na nana nana nana (say)
Take over, take over, take over
