Tired (feat. JaeL)

Schiller

I just kept breathing
hidin' my tears
I waited for you
all the years
And when you're lonely so
you shouldn't wait too long
Hold me in your arms
and never let me goI'm wholly tryin' to defeat my fears
Could it be real let it feel seamlessly
and when you're lonely so
you shouldn't wait too long
hold me in your arms
and never let me goAnd I'm tired of pretending
I'm tired of fighting on my own
I'm tired of pretending
I'm tired of living in this house
All alone you're the coast and not the water
you're the one, you're the other
side of my universe
And I'll catch you when you fallI'm always dreaming
but I couldn't make the step
I know I should tell you
that time's gone
And I feel wholly
once you're the one
I feel this is my chest?And I'm tired of pretending
I'm tired of fighting on my own
I'm tired of pretending
I'm tired of living in this house
All alone you're the coast and not the water
you're the one, you're the other
side of my universe
And I'll catch you when you fallLike a moonstar you're shining bright
in the darkest night, in the candle light
Hello, hello, can I sit right next to you...
Hey look and take and touch my lips
I don't know where? your fingertips
Hello, hello, you don't know me
but I know you

at least I think I doAnd I'm tired of pretending
I'm tired of fighting on my own
I'm tired of pretending
I'm tired of living in this house
All alone you're the coast and not the water
you're the one, you're the other
side of my universe
And I'll catch you when you fall
