

I Like London In the Rain

Blossom Dearie

I like London in the rain
With my boots on in the rain
Feel the coolness in the air
Let the rain fall in my hair I like London in the rain
With umbrellas in the rain
Feel the couples arm in arm
London drizzle has it's charm Winds are blowing
Lights are glowing
Falling rain... I like London in the rain...
It's like mirrors in the rain
Turn the city upside down
Liquid pictures
Of the town
How I fancy misty hours
On a rainy thoroughfare
I like London with umbrellas
Everywhere
