Concrete Streets

Nate Dogg

I'm from the jungle with the concrete streets
You don't wanna rumble wit the real O.G.
Man I'll plant ya like a chronic seed
And ya girl done ran away wit me
I can show you how to catch these freaks
I can show you how to beat these streets
I can show you how to crack that safe
Let me show you how to break that bank
Ain't a damn thang changed, still rollin' on Dana Danes
Still packin' steel claimin' DPG
I always keep my thang always got weed on my brain
Always got a dime piece wit me
I'm gone let yo roll call, I'm gone ball till I fall
Keep it gangsta just for all of ya'll
Be what you want me to be, Nate D, O, double G
Bangin' from the west to the east
I'm from the jungle with the concrete streets
You don't wanna rumble wit the real O.G.
Man I'll plant ya like a chronic seed
And ya girl done ran away wit me
I can show you how to catch these freaks
I can show you how to beat these streets
I can show you how to crack that safe
Let me show you how to break that bank
No need to fight it baby I know you want it lady
I can tell by the way you watch me
I like the way that you walk, I like the way that you talk
Oh what that accent does to me
Yeah I still claim 213, yeah I still bang DPG
Hang wit Nate, Snoop, and Warren G
Yeah I got hoes that love me, got gangstas bangin' my beats

I got hoes from here to overseas
I'm from the jungle with the concrete streets
You don't wanna rumble wit the real O.G.
Man I'll plant ya like a chronic seed
And ya girl done ran away wit me
I can show you how to catch these freaks
I can show you how to beat these streets

I can show you how to crack that safe
Let me show you how to break that bank
I need a gangsta lady, one from around the way
I need a girl that likes to play everyday
She said her friend wants to see, she said her friend is nasty
I say you get your friend and come right away
I'm from the jungle with the concrete streets
You don't wanna rumble wit the real O.G.
Man I'll plant ya like a chronic seed
And ya girl done ran away wit me
I can show you how to catch these freaks
I can show you how to beat these streets
I can show you how to crack that safe
Let me show you how to break that bank
I'm from the jungle with the concrete streets
You don't wanna rumble wit the real O.G.
Man I'll plant ya like a chronic seed
And ya girl done ran away wit me
I can show you how to catch these freaks
I can show you how to beat these streets
I can show you how to crack that safe
Let me show you how to break that bank
