

# Double Life

## Matthew Good

How now are you gone awry?  
How now are we back here tonight?  
That's all there is  
Roll the dice  
This is all there is  
Roll the dice  
That's all there is  
Roll the dice  
This is all there is  
How now baby, is a little bit enough of it  
When you live a double life?  
How now baby, is a little bit enough of it  
When you live a double life?  
How now are you going to bite  
  
Both hands, both hands  
That's all there is  
Roll the dice  
This is all there is  
How now baby, is a little bit enough of it  
When you live a double life?  
How now baby, is a little bit enough of it  
When you live a double life?  
Well I knew but I've forgotten  
'Cause everyone keeps asking  
How come they feel so terrible  
If terrible's in fashion?  
Yeah, yeah  
Yeah, yeah
