

Natural High

[Vanessa Paradis](#)

All I give
Is all I got
And all I am
Ain't what I'm not
And I ain't gonna lie or beg
For your love
I'm on a natural high When morning comes
Take my hand
To free your mind
Come to my land
But I ain't gonna lie or beg
For your love
I'm on a natural high And I don't require no service
And I'll make sweet love to you
Every day and night
I live my life for you
I'm on a natural high All I give
Is all I got
And all I am
Ain't what I'm not
And I ain't gonna lie or beg
For your love
I'm on a natural high
