It's a messed up situation  
The Feds are knocking at my door  
We had an little altercation,  
now there's dead bodies on the floor  
I never thought it would end this way,  
but before they take us down,  
I'll burn this place right to the ground. Well it's another ugly morning  
I got my orders on the phone  
It's just I job I have to do and  
you know I'd rather be at home I never thought it would end this way,  
Before they go underground  
We'll burn this place right to the ground. I never claimed to be a wise man  
But I do know right from wrong  
I can't believe this confrontation  
could go on for so long I think I lost a little part of my soul that day  
and I put my head down  
(as they) burned the place right to the ground
