

I Remember

Debelah Morgan

I remember the way I felt on the day
That you told me, you really love me
I remember the look of love in your eyes
I remember, I remember it well I remember the way I felt on the day
That you told me, you really love me
I remember the look of love in your eyes
I remember, I remember it well You make me feel so beautiful
You are the reason I am
When I don't think I can make it baby
You always tell me I can
I can still feel it, deep inside
I remember the day that changed my life I remember the way I felt on the day
That you told me, you really love me
I remember the look of love in your eyes
I remember, I remember it well You make me feel like I'm dreaming
When I wake up, you're always there
You are my reason for living
Loving you, I have no fear
I can still feel it, deep inside
I remember the day that changed my life I remember the way I felt on the day
That you told me, you really love me
I remember the look of love in your eyes
I remember, I remember it well I remember, the look in your eye
The way I felt inside
When I looked back into your eyes
I remember, I remember I remember the way I felt on the day
That you told me, you really love me
I remember the look of love in your eyes
I remember, I remember it well I remember the way I felt on the day
That you told me, you really love me
I remember the look of love in your eyes
I remember, I remember it well I remember it well, yeah, ooh yeah
I remember I remember the way I felt on the day
That you told me, you really love me
I remember the look of love in your eyes
I remember, I remember it well I remember the way I felt on the day
That you told me, you really love me
I remember the look of love in your eyes
I remember, I remember it well
