### ONE OF THOSE DAYS

Well i think you know the feeling trying to get out of bed  
got a bottle beside me six aspirins in my head  
Well it's been like this ever since last thursday night  
Seven days gone by and nothing went right  
It's been one of those days all week long  
A fraction of my personality wants to split  
I walk around from room to room but nothing seems to fit  
Too many colours on tv ten aspirins in my head  
So i go get my covers and slip into bed  
It's been one of those day all week long
