Chemical Wedding

Bruce Dickinson

How happy is the human soul?
Not enslaved by dull control
Left to dream and roam an' play
Shed the guilt of former daysWalking on the foggy shore
Watch the waves come rolling home
Through the veil of pale moonlight
My shadow stretches out its handAnd so we lay, we lay in the same grave
Our chemical wedding day
And so we lay, we lay in the same grave
Our chemical wedding dayFloating in the endless blue
My seed of doubt I leave to you
Let it wither on the ground
Treat it like a plague you found
All my dreams that were outside
In living color, now aliveAnd all the lighthouses
Their beams converge to guide me homeAnd so we lay, we lay in the same grave
Our chemical wedding day
And so we lay, we lay in the same grave
Our chemical wedding dayAnd so we lay, we lay in the same grave
Our chemical wedding day
And so we lay, we lay in the same grave
Our chemical wedding dayAnd so we lay, we lay in the same grave
Our chemical wedding day
And so we lay, we lay in the same grave
Our chemical wedding day
