

# Chemical Wedding

Bruce Dickinson

How happy is the human soul?  
Not enslaved by dull control  
Left to dream and roam an' play  
Shed the guilt of former daysWalking on the foggy shore  
Watch the waves come rolling home  
Through the veil of pale moonlight  
My shadow stretches out its handAnd so we lay, we lay in the same grave  
Our chemical wedding day  
And so we lay, we lay in the same grave  
Our chemical wedding dayFloating in the endless blue  
My seed of doubt I leave to you  
Let it wither on the ground  
Treat it like a plague you found  
All my dreams that were outside  
In living color, now aliveAnd all the lighthouses  
Their beams converge to guide me homeAnd so we lay, we lay in the same grave  
Our chemical wedding day  
And so we lay, we lay in the same grave  
Our chemical wedding dayAnd so we lay, we lay in the same grave  
Our chemical wedding day  
And so we lay, we lay in the same grave  
Our chemical wedding dayAnd so we lay, we lay in the same grave  
Our chemical wedding day  
And so we lay, we lay in the same grave  
Our chemical wedding day
