

# Ride

Darren Hayes

Come on  
Baby baby come on  
Baby baby come on You only know one half of me  
Up until now it's all I let you see  
I used to reveal selectively  
But now I'm changing  
So baby come on inside  
Baby get on this ride  
Get closer to me  
Don't you know that  
It's time to take control  
To take what's mine  
Gonna take it home  
I think I'm about to fly, so here we go Baby get on this ride with me  
Baby come on sit next to me  
Baby get on this ride hold on tight  
Cos we've got all night  
Baby get on this ride with me  
I wanna feel you next to me  
Baby get on this ride  
Hold on tight  
Buckle up right now  
Baby come on Feels like I've been locked up all my life  
Held down denied the right to fight  
Nobody else could do this right  
I'm just arriving Baby get on this side  
Baby get on this ride  
Get closer to me Don't you know that  
It's time I let you know  
I got so much further that I could go  
It's time to start the show  
So here we go Baby get on this ride with me  
Baby come on sit next to me  
Baby get on this ride hold on tight cos we've got all  
Night  
Baby get on this ride with me  
I wanna feel you next to me  
Baby get on this ride  
Hold on tight

Buckle up right now  
Baby come on If you want what I want we won't have a problem  
You see in the past I just compromised  
I've been taking a backseat but that's not me no longer  
I don't feel shy, don't want to hide, I'm ready to fly Now baby come on Come on  
All you my people, my people  
Tell me now  
Baby come on Baby get on this ride with me  
Baby come on sit next to me  
Baby get on this ride hold on tight cos we've got all night  
Baby get on this ride with me  
I wanna feel you next to me  
Baby get on this ride  
Hold on tight  
Buckle up right now  
Baby Get on this ride with me  
I wanna feel you next to me  
Baby get on this ride hold on tight cos we've got all night  
Baby get on this ride with me  
I wanna feel you close to me  
Baby get on this ride  
Hold on tight  
Oh yeah  
Come on Baby get on this ride hold on tight Tell me  
My people, my people  
All you  
My people my people(repeat) Tell me
