Hero Across The Sky

Blue Foundation

Stay, close to me!
Can't you see?
I won't get alone.
Crawl, down to me!
Can't you see?
I won't get alone.

I can't get close I feel your wall.
I can't get close to you at all.
And all the principles passed,
a hero across the sky!
I feel the pain in everyone
I can't get close to you at all.

Stay, close to me!
Can't you see?
I won't get alone.
Crawl, down to me!
Can't you see? I won't get alone.

I get stoned I feel the wall.
I get high and watch the town.
And all the principles passed,
a hero across the sky.
I feel the pain in everyone
I can't get close to you at all.

Stay, close to me!
Can't you see?
I won't get alone.
Crawl, down to me!
Can't you see?
I won't get alone.(x5)
