Tell Me How to Live

Capital Cities

The grass is greener
The grass is greenerÂ Been a good man
Been a good man all my life
Can't stand the feeling, I've been so hypnotizedBeen a good man
Been a good man all my life
Can't stand the feeling, I've been so hypnotizedAin't nobody gonna tell me how to live
Ain't nobody gonna tell me how to live
Ain't nobody gonna tell me how to liveAin't nobody gonna tell me how to liveThe grass is greener, greener on my side
You know you love the feeling
I've come to hypnotizeThe grass is greener, greener on my side
You know you love the feeling
I've come to hypnotizeAin't nobody gonna tell me how to live
Ain't nobody gonna tell me how to live
Ain't nobody gonna tell me how to live
Ain't nobody gonna tell me how to liveBeen a good man
Been a good man
I've come to
I've come to hypnotizeAin't nobody gonna tell me how to live
Ain't nobody gonna tell me how to live
Ain't nobody gonna tell me how to live
Ain't nobody gonna tell me how to live
