

Cigarette

Graham Colton Band

You, you gotta be the one, who's in on the action
I'm wondering when we're leaving
And you, you gotta meet everyone before it's all over
Why? They're gonna be here next weekend
And you gotta be something else 'cause we all got older
And you, you're gonna be someone You make me wanna smoke a cigarette
You make me wanna be someone else
You make me wanna be somebody you would leave
And I could forget You gotta be the one to get a reaction
I don't want anyone to see me
And you gotta be something else 'cause we all got older
And you, you're gonna be someone You make me wanna smoke a cigarette
You make me wanna be someone else
You make me wanna be somebody you would leave
And I could forget You make me wanna smoke a cigarette
You make me wanna be someone else
You make me wanna be somebody you would leave
And I could forget I'll stay you go
I'm fine with or without you
And I'll stay you go
I'm fine with or without you And I'll stay you go
I'm fine with or without you
And I'll stay you go
I'm fine with or without you You make me wanna smoke a cigarette
You make me wanna be someone else
You make me wanna be somebody you would leave
And I could forget You make me wanna smoke a cigarette
You make me wanna be someone else
You make me wanna be somebody you would leave
And I could forget A cigarette, a cigarette, a cigarette, a cigarette
A cigarette, a cigarette, a cigarette
