Me Without You

Jasmine V

lights off , days lost. crying on my bed.
heart beats slowly , im tryna clear my head.
but i aint talking im not even walking.
i just wanna miss you , i just wanna kiss you.
cold fever now that i cant feel ya.
guess i gotta tell you right now.
that im sorry , for the way that i screamed
said those things i dont mean ,
but im sorry.
and i want you to know that
im taking it all back .
i love the way you love me ,
yeah (lay it on my body).
i love the way you love me ,
yeah (love me like you do).
i love the way you love me ,
yeah. (boy im sorry)
i dont want lonely ,
i dont wanna be me without you.
day day day day (4x)
you trip , i flip. stupid words i say.
i make you believe you're nothing to me,
dont blame you for walking away .
but tears falling and waiting for you callin' ,
that aint gonna fix it , im not gonna risk it.
i've played bitter , truth is i nee you.
Boy can you hear me out.
that im sorry , for the way that i screamed ,
said those things i dont mean , but im sorry.
and i want you to know that im taking it all back .
i love the way you love me ,
yeah (lay it on my body).
i love the way you love me ,
yeah (love me like you do).
i love the way you love me ,
yeah. (boy im sorry)
i dont want lonely , i dont wanna be me without you.
day day day day , (i want you every)
day day day day , (cause i love you)

day day day day , (i need you every)
day day day day.
day day day day , (i want you every)
day day day day , (cause i love you)
day day day day , (i need you)
i dont want lonely ,
i dont wanna be me without you ,
i dont wanna be me without you ,
i dont wanna be me without you
