

Somewhere There's an Island

Seaman Dan

Somewhere there's an island
Falling, falling in me
In dreams I sail to that island
It's where I long to be

In dreams, our sweet siesta
Is calling, calling to me
In dreams I sail to the island
And I'd find serenity

Somewhere there's an island
Palm trees and golden sands
There's sailing ships and dolphins
Always close to hand

In dreams our sweet siesta
Is calling, calling to me
In dreams I'd sail to that island
And I'd find serenity

I'd find it some sweet day
No cars, no phones, no television
That's where I want to stay

In dreams our sweet siesta
Is calling calling to me
In dreams I'd sail to that island
It's where I want to be
