

# Here Comes Forever

## R5

I'm like that boom box outside of your window  
I'm that Delorean blowing past 88  
And where we're going girl,  
Won't be needing roads cause,  
Oo oo oo oo  
This ain't no 50 first dates.

I'm talking bout starting out as friends  
I'm talking bout real and not pretend  
I'm talking bout roles of a life time  
You and I can even right the end  
Yeaaaaah

Here comes that movie scene  
The one you think is so cliché  
That moment when we kissed  
By the lake pouring rain  
I ain't no superman  
But I can change your world  
Ooooooo  
Here comes forever girl  
Ooooooo  
Here comes forever  
Ooooooo  
Here comes forever girl

This ain't no remake of a Romeo story  
Ain't no werewolf trying to steal you away  
I'll be your a-list, be the man on the moon cause  
Me and you outta space

I'm talking bout starting out as friends  
I'm talking bout real and not pretend  
I'm talking bout roles of a life time  
You and I can even right the end

Here comes that movie scene  
The one you think is so cliché  
That moment when we kissed  
By the lake pouring rain

I ain't no superman  
But I can change your world

Ooooooo

Here comes forever girl  
Na Na Na Na Na Na [x7]

Let's go home together  
Play our roles forever  
Let's grow old together  
Here comes  
Here comes  
Here comes forever baby...

Here comes forever girl

Here comes that movie scene  
The one you think is so cliche  
That moment when we kissed  
By the lake pouring rain  
I ain't no superman  
But I can change your world  
Here comes forever girl  
Here comes forever  
Here comes forever girl  
(Forever and ever and ever and ever)  
Here comes forever girl
