

Coming Home

PAUA

INSTRUMENTAL

...

all of my troubles
all of my pain
all of my lessons
hiding in shame
let the world keep turning
'cause I have my faith
one day I'll be coming home
to you again
one day I'll be coming home
to you again
this man.
is but a broken man
I never listen...
to no one
what was I thinking?
could a man be so blind
now I'm paying the price
for my crime (whoa)all of my troubles
all of my pain
all of my lessons
hiding in shame
let the world keep on turning
'cause I have my faith
one day I'll
be coming home
to you again
one day I'll
be coming home
to you again
this man.
is a nothing but a broken man
I never listen...
to no one (well we'll well)
what was I thinking?
could a man be so blind
now I'm paying the price
for my crime (whoa woah)all of my troubles

all of my pain
all of my lessons
hiding in shame
let the world keep on turning
'cause I have my faith
one day I'll be coming home
to you again
one day I'll be coming home
to you again no matter where I be-en
I'm coming home a-g-ain
no matter what they say-ing
I'm coming home a-g-ain...now I'm paying the price
for my crime all of my troubles
all of my pain
all of my lessons
hiding in shame
let the world keep turning
'cause I have my faith
one day I'll be coming home
to you again x4
