

Same Thing Happened to Me

[John Prine](#)

Moonlight shining on the back of my hand
Cat fight, rattlin' the garbage can
Looks like somethin' chased you up a tree
Same thing, same thing happened to me
Wild wind, blowing down the neck of my shirt
Old men, sittin' on a bench in the dirt
Seems like another ship has gone out to sea
Same thing same thing happened to me
Shoe shine, someone's got to tell ya the news
A fine line separates a boy from the blues
Looks like you could use some company
Same thing, same thing happened to me
Runnin', runnin' just as fast as I can
Someone, someone take a hold of my hand
Looks like, somethin' chased you up a tree
Same thing, same thing happened to me
Same thing, same thing happened to me
