

# She's Not Your Thing

## Buffalo Tom

If you gotta think about it  
She's not your thingIf you gotta talk about it  
She's not your thingIf you gotta think about, talk about, call about, shout about itEvery time I walk without you  
It's over at eightNot a lot of talkin' at you  
To fill the spaceSo If you wanna think about, talk about, call about it, shout about it -  
Fight about it, sing about it, sulk about it, and live without it...It's not your pretty face  
That make my life so hard to take  
It's not your pretty skin  
Cuz its too thin.If I gotta think about it -  
She's not my thing
