

# Slow Dancin'

Chaka Khan

I catch your reflection  
Through smoke filled eyes  
I begin my inspection  
And I'm watchin' you  
Your smooth syncopation  
You synthesize  
Your beatin' vibration  
Makes me watch you  
If I smiled at you would you walk away?  
Or would you have this dance with me?  
Slow dancin'  
Slow dancin'  
Slow dancin'  
Yeah, just you and me, baby, oh babe  
Something about your freaky ways  
Gives me a shiver I watch you  
You're a smooth operator  
With sexy eyes, in anticipation  
I watch you  
If I smiled at you would you walk away?  
Or would you have this dance with me?  
Slow dancin'  
Slow dancin'  
You really baby dancin'  
Just slow dancin'  
Oh baby, slow  
And goin' low  
Slow dancin'  
Oh just you and me  
Oh you dance with  
Oh you dance with  
Oh you dance with  
Oh you dance with  
La la la just you and me  
Slow dancin', babe  
Slow dancin'  
Slow dancin'  
Baby just dance with me  
Baby slow dance with me

Baby, just one slow dance  
Baby, just one slow grind  
Baby, let's get down low  
And see what we will find  
Baby, just one slow dance  
Baby just one slow grind  
Chaka just get down low  
    Slow dancin'  
    Slow dancin'  
    Slow dancin'
