

# Houseboat

## Camera Obscura

Took a trip on a houseboat  
It was fun, you and me  
I know you're really in love with him  
Are you up to your knees? Oh, I'm always in decline  
Always changing my lines  
Always changing my mind  
To be a friend is fine I won't go sinking this houseboat  
It's so hard to believe  
He made you smile so easy  
So make a smile for me Will I always be denied?  
I thought about it last night  
Could we baby? Honey try  
To put it right this time Oh, how I've wanted to change  
Let you take me home, let you rearrange  
To find opportunity you should give yourself to me  
You should give yourself to me Oh, how I've wanted to change  
Let you take me home, let you rearrange  
To find opportunity you should give yourself to me  
You should give yourself to me
