# Painter

## LÃ¥psley

You can paint these wings and make me fly
You can paint these wings and make me fly
You can paint these wings and make me fly

Crush coming over like the R.E.M kind
Orange in the colour like blackpool on the sunrise
You can paint these wings and make me fly

Crush coming over like the R.E.M kind
Orange in the colour like blackpool on the sunrise
You can paint these wings and make me fly
You can paint these wings and make me fly

Crush coming over like the R.E.M kind
Orange in the colour like blackpool on the sunrise
I probably can't see the bigger picture
You can paint these wings and make me fly

I probably can't see the bigger picture

Crush coming over like the R.E.M kind
Orange in the colour like blackpool on the sunrise
You can paint these wings and make me fly
Crush coming over like the R.E.M kind
Orange in the colour like blackpool on the sunrise
I probably can't see the bigger picture

You can paint these wings and make me fly
You can paint these wings and make me fly
I probably can't see the bigger picture

Crush coming over like the R.E.M kind
Orange in the colour like blackpool on the sunrise
You can paint these wings and make me fly
Crush coming over like the R.E.M kind
Orange in the colour like blackpool on the sunrise
I probably can't see the bigger picture
You can paint these wings and make me fly
