If ItÂ´s Real

Information Society

The two of us have seen it all
The good times and the bad
Life can get so cold
When you think of what you've hadThe time has come to make a change
I'll follow where you lead
I can be so warm
If I get what I needI always fail
Whenever I try
To explain to you
The reasons whyI don't know what you're thinking
And I don't know how you feel
But I only want to be with you
If it's real, only if it's realAnd when I learn you feel the same
The future and the past
We can make a change
This time things can lastAnd every time I think of you
I can't believe it's true
The world can seem so old
But I'm born anewI always fail
Whenever I try
To explain to you
The reasons whyI don't know what you're thinking
And I don't know how you feel
But I only want to be with you
If it's real, only if it's realI don't know what you're thinking
And I don't know how you feel
But I only want to be with you
If it's real, only if it's realOnly if it's real
Only if it's real
