

Invocation

Suicidal Tendencies

Oh yea, know that shit
Sounds so good, I wanna ride along
Yea this is K Sui, K Su psycho Miko here
Givin' you the easy muthafuckin' listenin' sounds
For the hard of muthafuckin' hearin'
Yea, bustin' out on a whole new perspective to lock you upside your head
Get your mind workin' haa, 'cause you know it ain't workin' like it should be
It's time to think, not think like you think, you think that ain't thinkin'
That's just justifyin' your inability to accomplish the things
That you're not willin' to work for
So right now time to dig into fuckin' trench
Get a little fuckin' psycho, yea
'Cause you gotta fuckin' be crazy to believe in yourself
So what anyone else says, "Fuck it", I don't give a fuck
