

# Oliver

## LuddsKalle

You know that I was overblown by all the card sharks  
And the muggers that day  
And there were several million lovers of that dress  
That's in the window display and every day they'd sayOliver, Oliver, Oliver  
Oliver don't stayShe was quite a woman  
Kind and understanding woman she was, oh yeah  
Sure I really loved her but she acted like a mother to me  
And she loved me and I'd screamNancy, Nancy, Nancy  
Please take care of meOliver, Oliver, Oliver  
Oliver, OliverI was overblown by all the card sharks  
And the muggers that day  
Several million lovers of that dress  
That's in the window display and every day they'd sayOliver, Oliver, Oliver  
Oliver don't stay
