

In the Summer

Edward Sharpe & The Magnetic Zeros

In the summer,
Sister and your brother
Contemplating god,
Out there on the sidewalk
Eating ice cream cones ooh baby,
More things to discover
Masturbating to Miriam Makeba
And Iko Iko Inay,
Ooh the sun is shining good
Can't give us all your crap,
You're not around
Makeup on and curtains drawn
All the cereal bine, oh the summer time
With a plastic cup, for the summer love
No, I don't want to go away
And the television girls all dance in the summer
Singing "la da da..."
Can't give us all your crap,
You're not around
Makeup on and curtains drawn
All the cereal bine, oh the summer time
With a plastic cup, for the summer love
No, I don't want to go away
And the chi-shi stoner girls
And the hard graffiti boys
And the television world all danced in the summer
