For The First Time

Mark Harris

I was waiting for a push, waiting for a sign
Waiting for the perfect moment to arrive
Steady as a clock, caught between the line
Living for myself until I realized
Theres too much life youve given me
To let it slip awayIm ready to live, ready to breathe
Ready to take in everything
Im ready to love, ready to shine
Ready to live this life of mine
Im ready to jump, ready to fly for the first timeI want to take a dive, I want to take a chance
I want to make the most of every day I have
I want to be alive, I want to be a man
Cause being wild at heart is really who I amYouve put these dreams inside of me
So what can hold them backIm ready to live, ready to breathe
Ready to take in everything
Im ready to love, ready to shine
Ready to live this life of mine
Im ready to jump, ready to fly for the first timeI can feel it
Being pushed by bigger hands
You have saved me
You have made me who I amIm ready to live, ready to breathe
Ready to take in everything
Im ready to love, ready to shine
Ready to live this life of mine
Im ready to jump, ready to fly for the first time
