

# You See It

## J.R.

Inny meeny minny mo  
How many bitches from the club wanna go  
(i know you see it, I know you see it)  
I'm like inny meeny minny mo  
How many niggas from the club wanna go  
(i know you aww it, I know you see it)Now you can call me tipdrill, they playing my song  
Throw a couple ones, then she throw away her thong  
When she bust it open, take a picture with my phone  
She love my cologne, I call it perk body zone  
Now she pussy poppin', it's goin' down  
Slap the waitress on the booty, tell her "get another round"  
And when I make it rain, money all over the ground  
Fresh force ones, sean john button down  
And then I'm like "oh boy, a clique fulla stars"  
Big four fifth, big dick, and big cars  
At the end of the day, when its all said and done  
I need four freaks 'cause I need more than one[Chorus]  
Inny meeny minny mo  
How many bitches from the club wanna go  
(i know you see it, I know you see it)  
I'm like bim bam, I know you want some  
She chewing on the dick like a piece of bubblegum  
(i know you see it, I know you see it)I'm like inny meeny minny mo  
How many niggas from the club wanna go  
(i know you aww it, I know you see it)  
I'm like bim bam, I know you want some  
You chewing on the pussy like a piece of bubble gum  
(I know you see it, I know you see it)I ain't never been the type to show off in the club  
Real laid back poppin' plenty bottles of  
Bub, don't smoke but I got much perk  
Get that nigga real high, make him slurp it then burp  
Could you be a groupie? I hear you singin' my song  
Like I see you, lemme feel your tongue  
Its T, miss benigga, let me get you laced  
Take a step back, blow the pussy in ya face  
I ain't talking cush nigga, I'm talking a rat race  
So many to choose from, give 'em all a little taste  
Gotta house fulla pussy, the madam of hip hop  
My bitches are superstars, so gushy you needa mop

Yea[Chorus]I'm like inny meeny minny mo  
How many niggas from the club wanna go  
(i know you aww it, I know you see it)  
I'm like bim bam, I know you want some  
You chewing on the pussy like a piece of bubble gum  
( I know you see it, I know you see it)I got stacks on deck, snowflakes on my neck  
New J's on my feet, make my outfit complete  
(i know you see it, I know you see it)  
I got stacks on deck, niggas love my flow  
Got a mohawk blowin', air forces that glow  
(i know you see it, I know you see it)Inny meeny minny mo  
How many bitches from the club wanna go  
(i know you see it, I know you see it)  
I'm like bim bam, I know you want some  
She chewing on the dick like a piece of bubblegum  
(i know you see it, I know you see it)I'm like inny meeny minny mo  
How many niggas from the club wanna go  
(i know you see it, I know you see it)
