Two Seconds in Life

Green Carnation

[music: Kjetil N, lyrics: Kjetil N]I left myself
I left my body
I got so frightened by the light,
and all the things that I could see
I left myselfBlinded by the light
Faded by the dawn
Of mineI whispered "no"
To my own shadow
I got so frightened by the light,
and all the tings that I could see
I whispered "no"Blinded by the light
Faded by the dawn
Of mineI got along
To my own voice
I got enlightened by the fright,
and all the things that I could see
I got alongBlinded by the light
Faded by the dawn
Of mineI flew away...
