

Time of the Moon (Zo-Ya & Weed Remix)

t.A.T.u.

We're killing space and wasting time and dying hard and spilling beans
We're moving fast on intuition in the world of stupid things
We are the flyers no return and no regrets and no delay
Into the frenzy this is crazy burning wheels to get away Time of the moon
In the sky cloud is breaking
Voice of the doom
For the birds in the making The time is wasted
On intuition
We are the flyers
Into the frenzy
We're spilling beans
On stupid things
With no delay
We get away Time of the moon
In the sky cloud is breaking
Voice of the doom
For the birds in the making
