G Gotta touch 'em gotta grab 'em 'cause I think hes bailin

L Lay 'em down no remorse come with me to hell

O Overnight we be rich when we tell the trick

C Catch ya slippin' he's so soft do a man quick

Pass me tha Glock so I can get buck

A mean frown stay on my face 'cause I dont give a fuck

Smile and a bone around my throat

Glock 19 is tucked nicely down my fruit of the looms

For them niggas that trick it in  
Im stickin' up them tracks they boom  
Shakin' like a mothafucka when I lock you down tight  
In tha Chevy trunk with nothin' but next to dig for yo life  
Fool it ain't no game you gotta die the devil sent me  
Six in yo chest who's next?  
No niceness in me  
Tha killas up in my crew they take no shit

We bout it bitch  
No nigga dont play  
[We roll with automatic guns]  
Step up with the hoe shit  
Nigga we gotta close shop  
[Juice on the bugler do a 9 leavin' you hoes to rott]  
Big cam with a punk  
Malekie with a attitude  
Smith & Wesson in his hand  
Blowed tha bitch out his shoes
