

# Broken World

## Lock Up

In unseen reams of genesis  
The seeds of revelation  
Sculptured carnage clears the path  
To global domination One step closer  
To being alive  
We open our eyes  
To a broken world We are all God's madmen that's for sure  
Salesmen of salvation  
Living engines of destruction  
Feed us to its core One step closer  
To being alive  
We open our eyes  
To a broken world
