Power Of A Love Song

Tate Stevens

It can make you cry
it can make you laugh
give you feelings,
that you've never had.Make the worst of times
just fade away.
Help you find the words
that you don't know how to say.The power of a love song
can make you believe.
The power of a love song
it can change everything.
It can write every wrong
help you hold on
even when all hope is gone.It can take you back
to that first time
when you both looked
in each others eyesYou say "I DO"
Then take her hand
Slowly start to sway
for that first dance.The power of a love song
can make you believe.
The power of a love song
it can change everything.
It can write every wrong
help you hold on
even when all hope is gone." Instrumental "The power of a love song
can make you believe.
the power of a love song
can change everything.
It can write every wrong
help you hold on
even when all hope is gone.It's the power of a LOVE SONGit can make you cry
it can make you laugh
give you feelings,
that you've never had.
