

# Unusual

## Drake/Trey Songz

(Chorus)

It's raining inside  
but that's not unusual  
but the way I'm feel it  
become unusual

I guess you can say, the clouds moving away

(Joe Budden)

No more running from the black cloud got it all mapped out  
put it in a figure 4 into a tap out  
still there some rather see me in a crack house

(???)

Newsflash if you thinking I'm a (???)  
Probably not a fan nigga that ain't what I rap bout  
I'm on tent I'm gonna try and achieve it  
I'm such a (???) but they don't bother to read it  
The teacher said I will never get ahead  
All I can do is laugh, but (???) all funny  
According to her I'll be dead before twenty

Ms. Cole I've been mislead before hunny, I'm checking for more money

You will be disorganized, use to stand in tortures eyes from my walk of life

Want to let her know I got a lot left to give, It's difficult to understand what you never lived

(Chorus)
