

# E Eats Everything

## They Might Be Giants

A hardly has an appetite and pokes at food too long  
And B can barely bother because all the food is wrong  
C likes only candy and chocolate by the box  
D is just disinterested in anything you've got But E eats everything  
Yeah E eats everything  
E eats everything  
Yeah E eats everything So toss it on a plastic plate or stick it with a fork  
Serve it on a shovel or serve it on a spork Yeah E eats everything  
Yeah E eats everything F is far too fussy and only eats with fancy wine  
G eats only gourmet but never can decide  
H burns food so horrible  
All I tastes is smoke  
J just likes drinking juice  
And K drinks only soda But E eats everything  
Yeah E eats everything He's eating in a moving car  
He's eating upside down  
He's eating on a space ship  
He's eating off the ground L and M and N and P won't start till o arrives  
Q and R and S and T are wearing clothes much too tight  
U and V and W are worn out from this song  
And X and Y just will not share and will not get along But E eats everything  
Yeah E eats everything But look out now here it comes that final letter Z  
Now Z's not like the other letters Z's only eating Es Yeah Z eats Es  
Yeah Z eats Es  
Z eats Es  
Yeah Z eats Es
