I Don't Mind

Swan Lee

I don't mind, the way you touch me, tonight
And I don't mind the way you kiss me, tonight

Things we do, they won't haunt us, tonight

I don't mind, the way you push me

And your eyes, a million diamonds
and your heart, a miracle baby won't you
Save me, won't save me, will you hold me, in you heartbeat

I don't mind the way you beat me, tonight
I don't mind, the way you shake me, tonight

things we do, they won't haunt us

And your eyes, a million diamonds
and your heart, a miracle baby won't you
Save me, won't save me, will you hold, me in you heartbeat

And I don't mind the way you want me, tonight

Baby won't you
Save me, won't you save me, will you hold me, in your heartbeat,
save me won't you save me, will you hold me,
in your heartbeat, heartbeat
