

Power and Glory

DragonForce

A black curtain falls down on the city
But under the lights been searching for answers
But this time you'll feel so alive
just free your own mind
and it's easy to give all you got
Cos no one can stop you from climbing this mountain
and making the topRun strive for the fame part of the game
That we play time and again
It's up to you to break these chainsReasons to live, reasons to die
Live for the power and glory
Never give up, reach for the top
Find your own path and tonight
we'll make itReasons to live, reasons to die
Live for the power and glory
Never give up, reach for the top
Find your own path and tonight
we'll make it all rightNow everyone wants to be something
A feeling so strong
But only one thing really matters
A place to belong
Don't spend all your days in the shadows
You're not on your own
But just keep on fighting
Cos your never know what you got
till it's goneRun strive for the fame part of the game
That we play time and again
It's up to you to break these chainsReasons to live, reasons to die
Live for the power and glory
Never give up, reach for the top
Find your own path and tonight
we'll make itReasons to live, reasons to die
Live for the power and glory
Never give up, reach for the top
Find your own path and tonight
we'll make it all rightReasons to live, reasons to die
Live for the power and gloryReasons to live, reasons to die
Live for the power and glory
Never give up, reach for the top
Find your own path and tonight

we'll make it Reasons to live, reasons to die
Live for the power and glory
Never give up, reach for the top
Find your own path and tonight
we'll make it all right Find your own path and tonight
we'll make it all right
